Place and date of Conference

The planned date of the Conference is July 14-15, 2022, venue: will be available in next announcement.

Conference topics

The conference is seeking submissions according to civil engineering and design of structure in the following fields:

- Analysis of bar, plate and shell structures.
- Dynamic and stability.
- New trends in the design of engineering structures.
- Reliability and optimization.
- Numerical simulation and advanced computational models.
- Experimental investigations.

Other related tracks and topics will also be considered.

Abstracts

Two pages abstracts should be submitted electronically online via the conference website by the deadline of **June 6th, 2022**. The papers will be reviewed by the members of the Scientific Committee. Acceptance notification will be given before June 20th, 2022. We encourage all authors to submit full length papers after the conference for publication in a monograph or in the journal from the list below:

Archives of Civil Engineering

Economics and Environment

Safety Engineering of Anthropogenic Objects

Structure and Environment

Builder Science

Inżynieria i Budownictwo (in Polish)

Przegląd Budowlany (in Polish)

The papers will be subjected to the usual peer-review procedures. Different possibilities are eventual. Publication fees are covered by the authors.
